Loan increase and reduction requests for loans that have not disbursed will be divided among your Fall & Spring terms. For example, if you increase a loan by \$500, you'll receive \$250 each for the Fall and Spring terms. Requests to decrease a previously disbursed loan must be made within 90 days of the same loan being credited to your UC Merced account. Decreasing a previously disbursed loan may result in a balance owed on your UC Merced Account. Balances that remain unpaid may result in adverse consequences including (but not limited to) late fees, holds on registration, and transcripts.

CA DREAM Loan

We cannot return disbursed loans 90 days after the funds have credited to your account unless you are cancelling an entire academic year loan. Cancelling an entire academic year loan will cancel and return any loan funds that have disbursed. This may create a balance on your UC Merced billing account.

You must have an existing offer of FWS and have remaining Direct Loan eligibility. In addition, your FWS cannot be reduced if you have a FWS job and have already received paid amounts. If eligible, your Direct Loan will automatically be accepted for the amount indicated on this form.
